

NUDO[®]

YOUR VISION IS OUR MISSION[™]

Allure[™] Decorative Wall System

SUPERIOR WALL PROTECTION FOR HOSPITALS,
SENIOR LIVING AND CLINICS

Healthcare Environment Demands

The complexity of healthcare design can be overwhelming. Interiors must be beautiful, yet serene. At the same time, space requirements mandate cleanliness, safety and security.

In wall design, the most commonly used surfaces fail to withstand the constant abuse from carts, beds and mobile medical equipment. Unsightly damage due to impact, scratches and stains often occurs to painted drywall and rigid plastic panels.

For hospitals, clinics, medical office buildings and senior living centers, the problems associated with wall destruction go well beyond aesthetics. Healthcare Associated Infections (HAIs) and drywall repair and replacement cost facilities substantial dollars.

Holes in drywall

AllureTM Decorative Panels

Allure is a decorative wall panel with a recycled composite core sandwiched between two aluminum sheets and topped with a layer of High Pressure Laminate or prefinished Veneer face.

The well balanced panel is moisture-proof and offers outstanding impact, scratch and stain resistant properties that outperform painted drywall and rigid plastic panels.

Features

- **Panel Sizes**
4' x 8', 4' x 10'
- **Panel Thickness**
.150" or 3.8mm
- **Colors**
Thousands of laminate finishes from major manufacturers
- **Fire-Rating**
Class "A", Class "B" and Class "C"
- **Quantity**
No minimums required, unless determined by laminate manufacturer
- **Environmental**
80% recyclable

Ideal for any healthcare space including:

- Corridors
- Patient Rooms
- Treatment Rooms
- Imaging
- Laboratories
- Restrooms
- Waiting Rooms

Superior Durability

Scratch Resistant Test ASTM D2197

Marring of the competitive plastic panel material was observed to be permanent at all weight settings, representing abrasion resistance failure.

Rigid Plastic Wall Panel

Allure Wall Panel

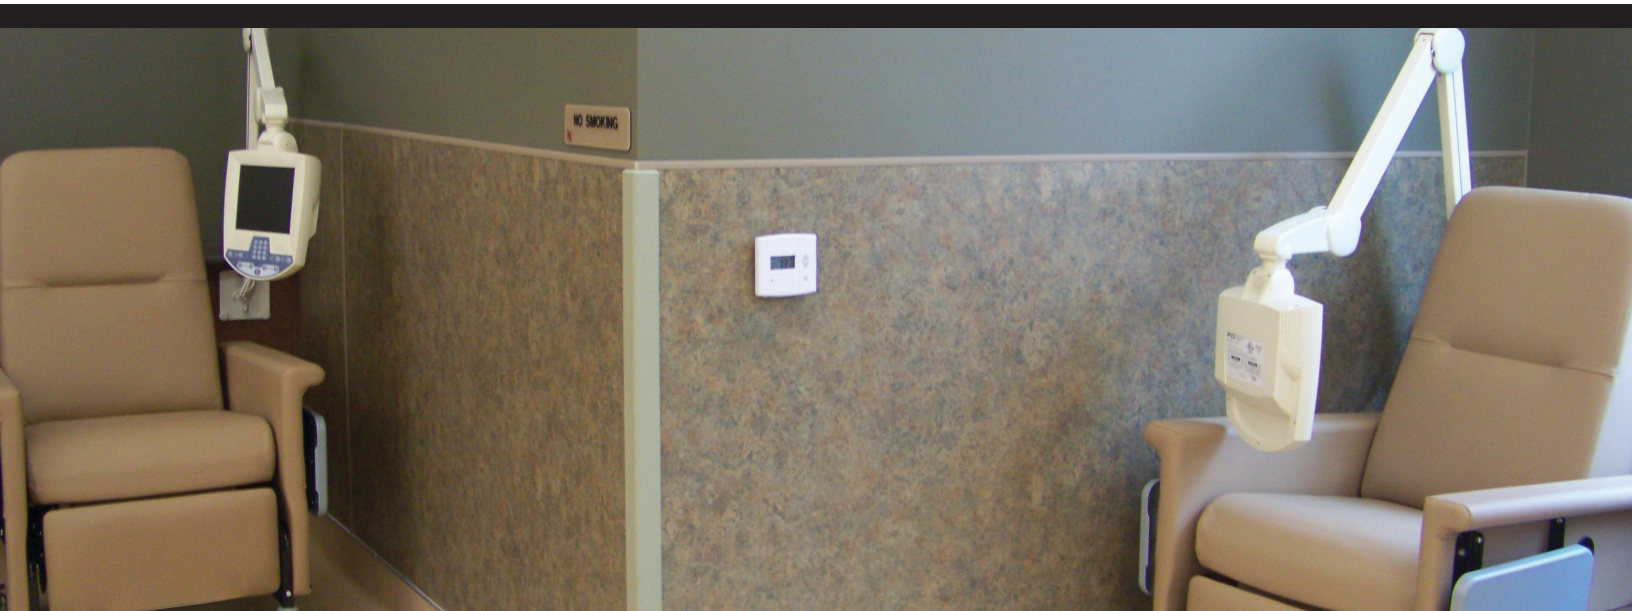

Impact Test ASTM D5420-04 product on 1/2" Drywall

Rigid plastic wall panels
damage to surface

Allure wall panel
- no damage to surface

Laminate Finishes

Allure offers limitless choices of wood grains, abstract prints and solid colors. Simply select any laminate finish from major manufacturers such as Wilsonart, Formica, Arborite and Lamin-art.

Allure Decorative Wall System

Easy to Clean

Like any laminate surface, Allure is stain resistant and can be successfully sanitized using virtually any common detergent or healthcare specified cleaning agent. (Passes test against 12 harsh cleaners, 12 laboratory stains and 2 surgical markers.)

Easy To Install

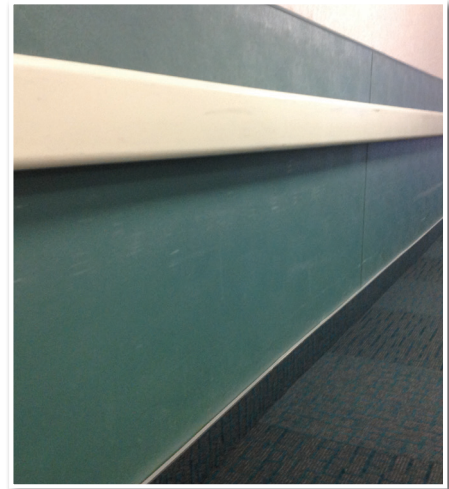

Allure Panels install easily over many surfaces including drywall and even existing rigid plastic panels using odorless, water-based and low-VOC adhesives. For detailed installation instructions, download the complete installation guide at www.nudo.com.

Affordable

Allure is the easiest, most affordable way of applying laminate to walls. With virtually zero replacement/repair costs, Allure's life cycle expenditures are a fraction of the cost of painted drywall and flat rigid plastic panels. Simply put, Allure is built to perform for years and years.

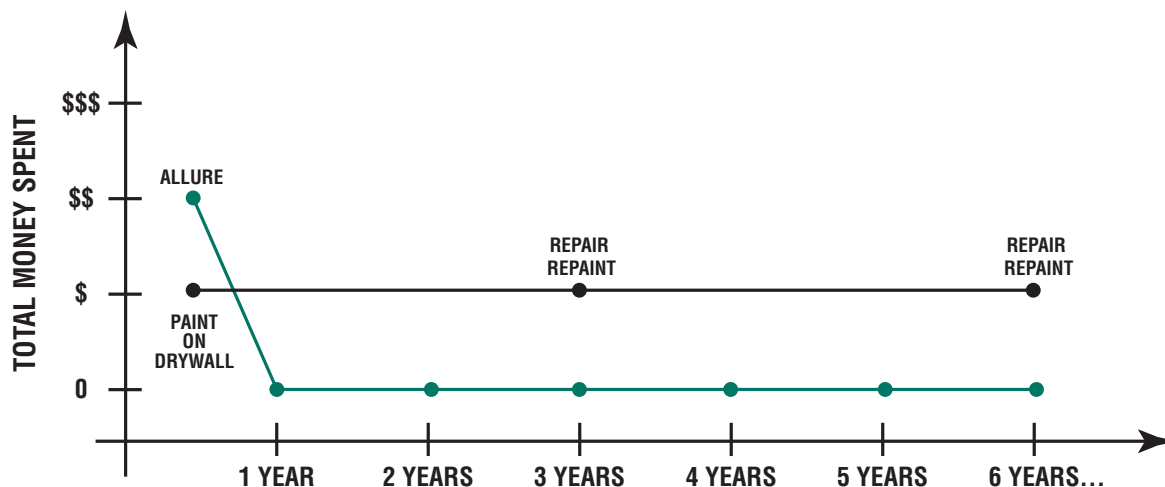

Before: Rigid plastic panels

After: Allure panels installed directly over rigid plastic panels.

LIFE CYCLE CHART

Nudo offers other dynamic products for healthcare interiors.
Please visit www.nudo.com for more details.

ElementsTM

These green friendly panels are decorative and reliable. Due to its resistance to moisture, Elements will not absorb water, thereby reducing maintenance and increasing the life of the panel.

ImpressionsTM

These panels offer flexibility in design by allowing you to use your own image or artwork to create a large format mural or graphic design.

FiberLite[®] FRP

Specially engineered panels that provide durability, easy maintenance and sanitation with exceptional physical and mechanical properties. Ideal for interior, high moisture environments.
